

Report to:

Trust Board

Agenda

At least 60% of prepacked sandwiches and other savoury prepacked meals available contain 400kcal or less per serving and do not exceed 5g saturated fat per 100g.

Evidence (appendix 1): As from 15th June 2017, 71% (49 of 69 product lines stocked) of prepacked sandwiches and other savoury prepacked meals available contain 400kcal or less per serving and do not exceed 5g saturated fat per 100g.

Patient Catering

A Trust Executive Director has visited the shop and confirmed that the measures put into place by the League of Friends, demonstrate compliance with CQUIN standard 1B for 2017/18.

WH Smiths

NHS England has confirmed that WH Smiths are compliant with CQUIN standard 1B for 2017/18 (appendix 3). This was later confirmed by WH Smiths in a letter to the Trust received in March 2018 (appendix 3), in which plans for compliance with the 2018/19 standard were also identified.

The Trust can confirm and provide evidence of compliance with all the requirements for the 2017/18 CQUIN Standard 1B.
